Energifondens summer school 2023, Sorø

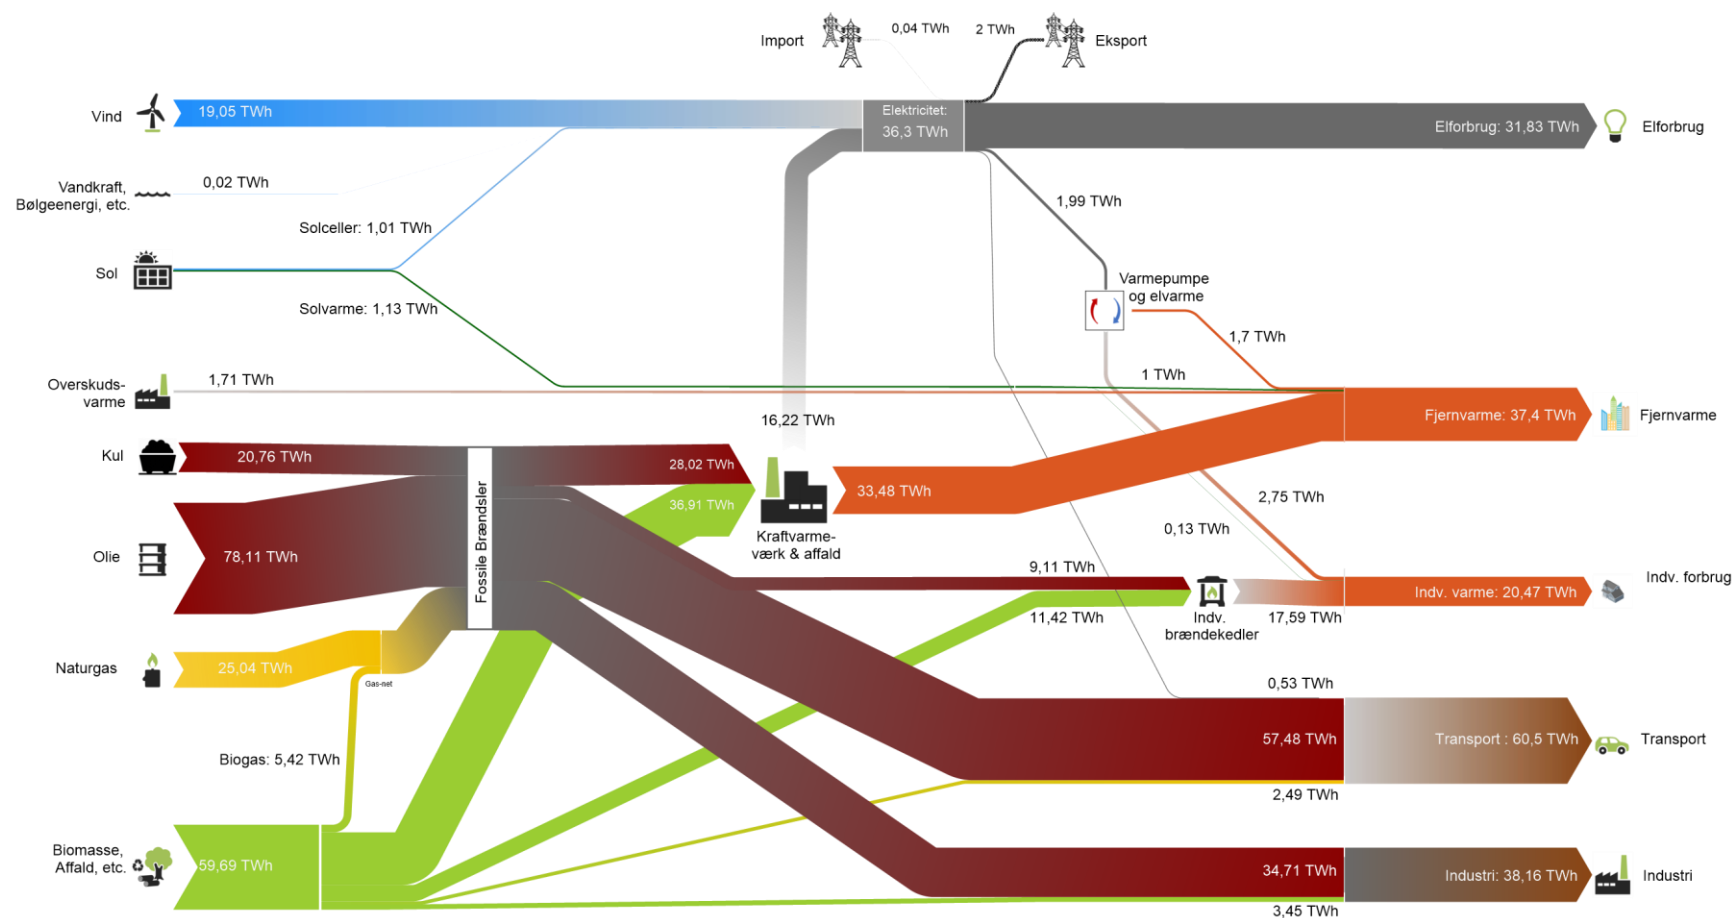

Energiplanlægning og energisystemanalyser

Smarte energi systemer

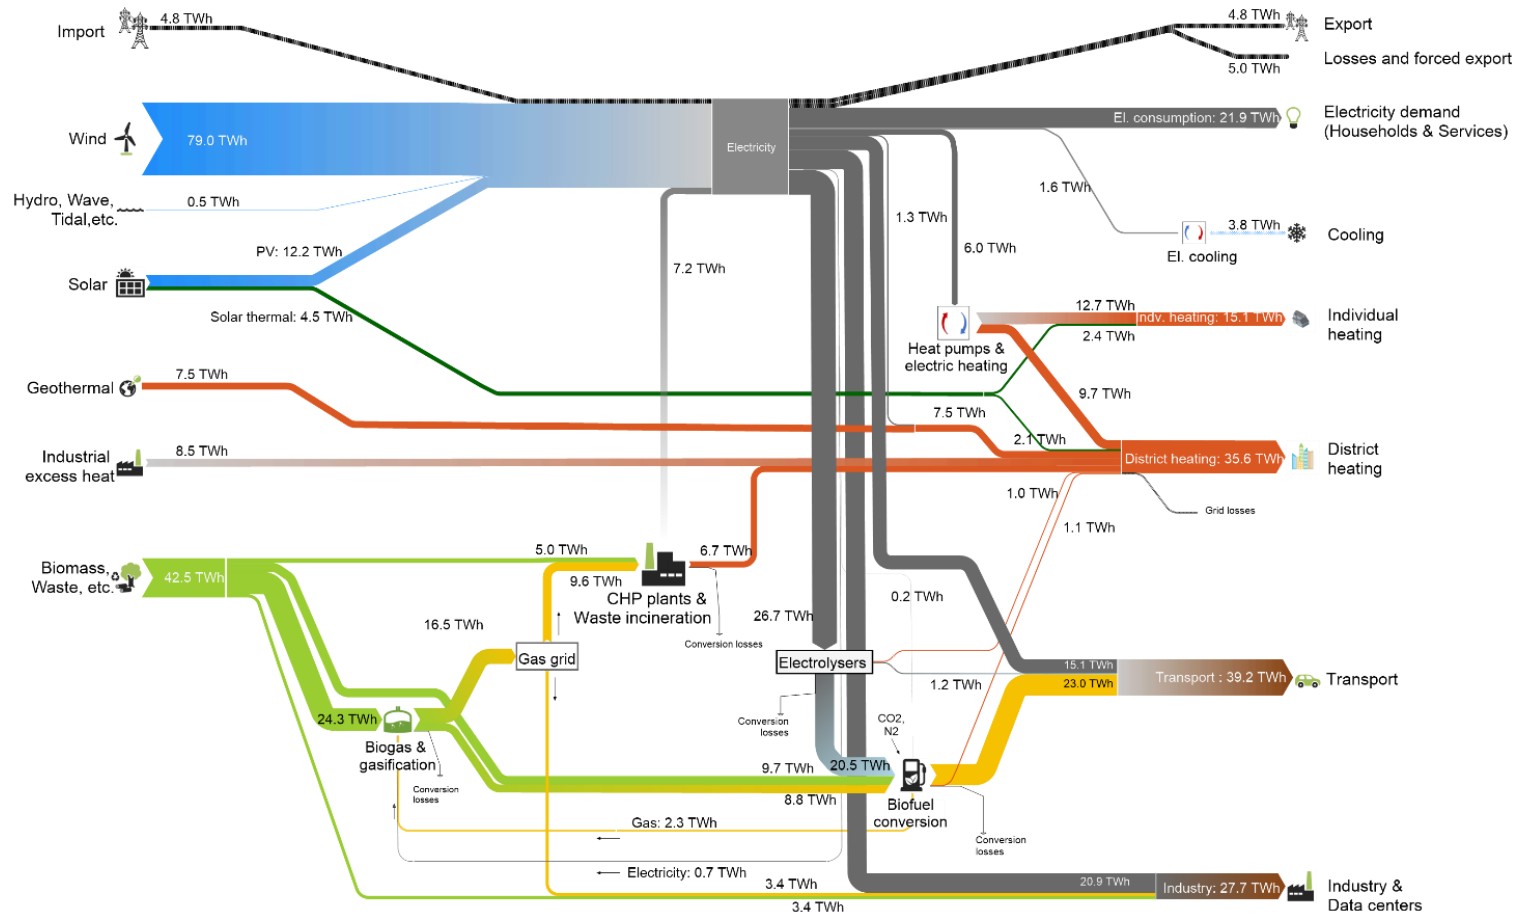

Energisystemet i dag

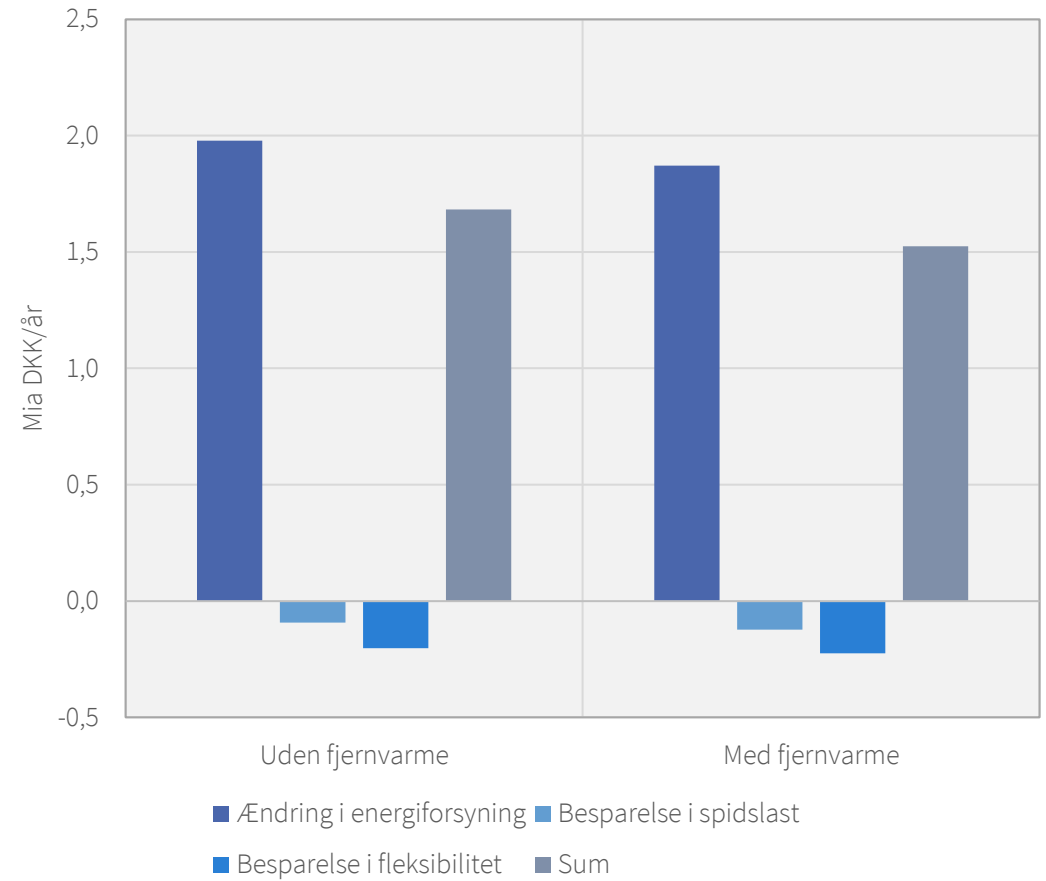

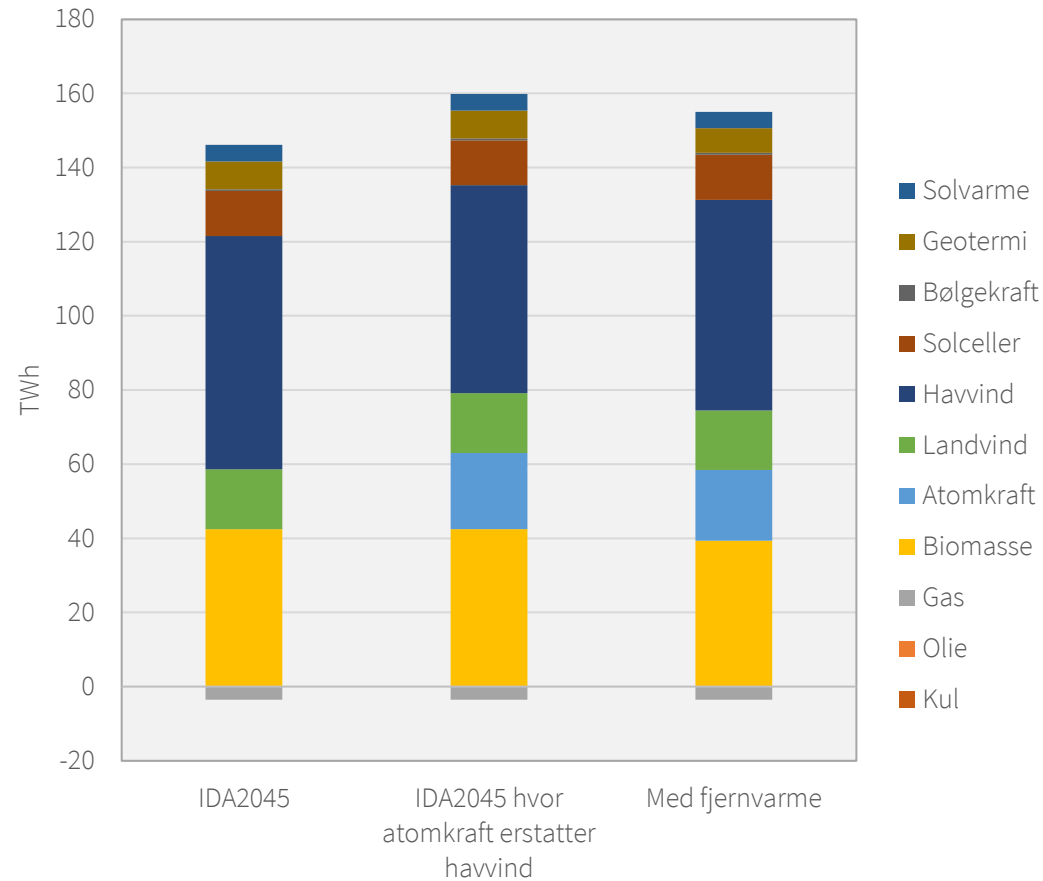

IDAs klimasvar

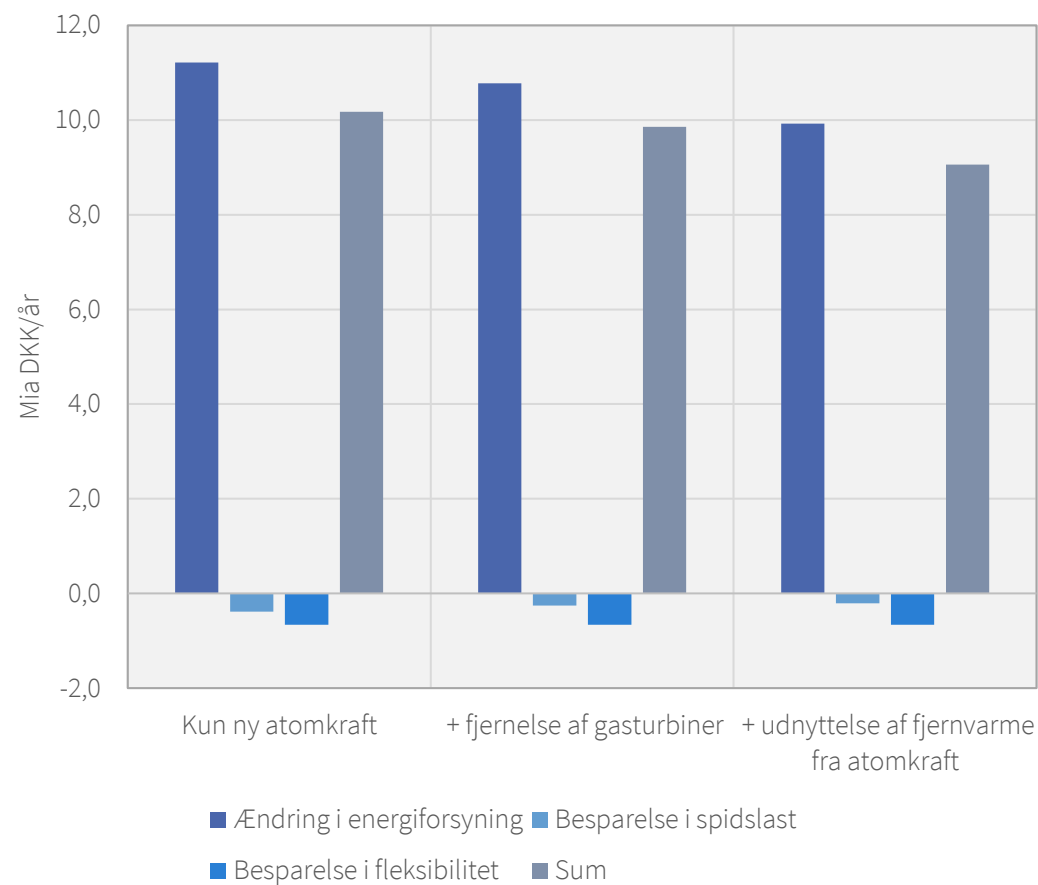

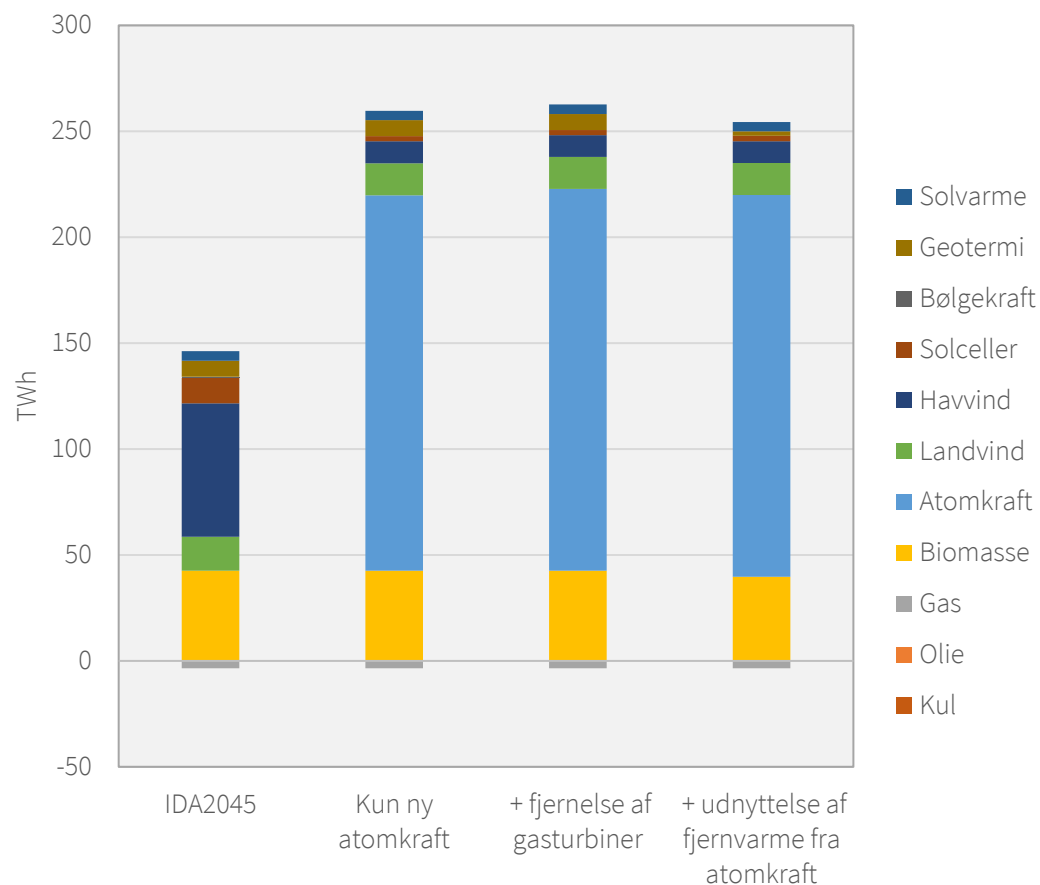

Forudsætninger for behov

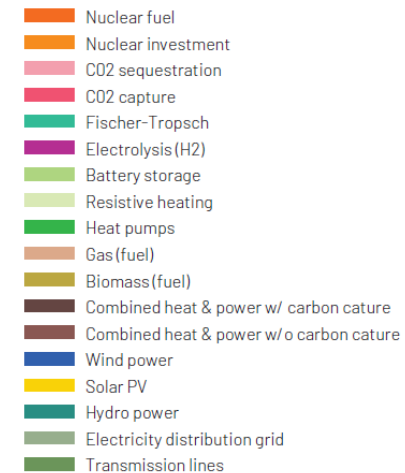

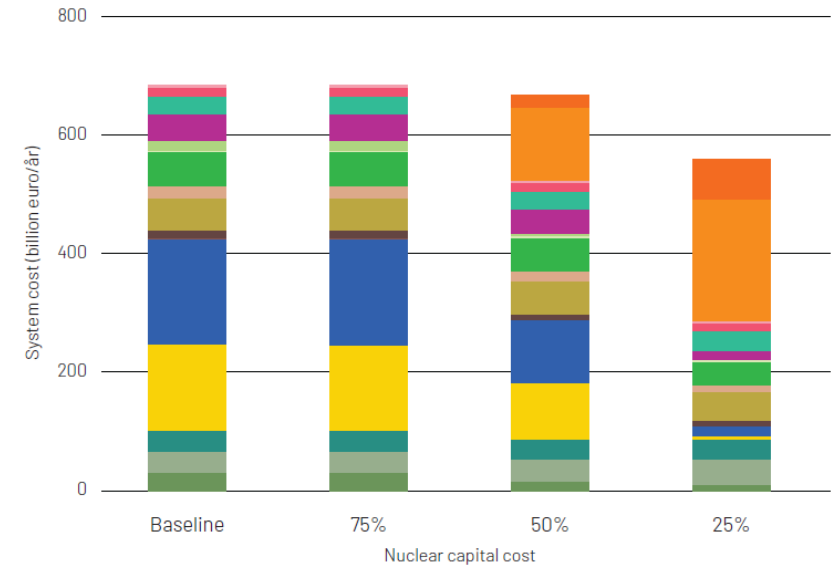

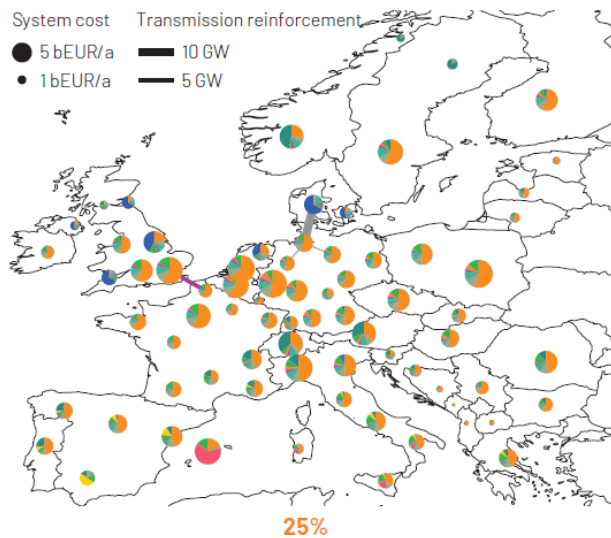

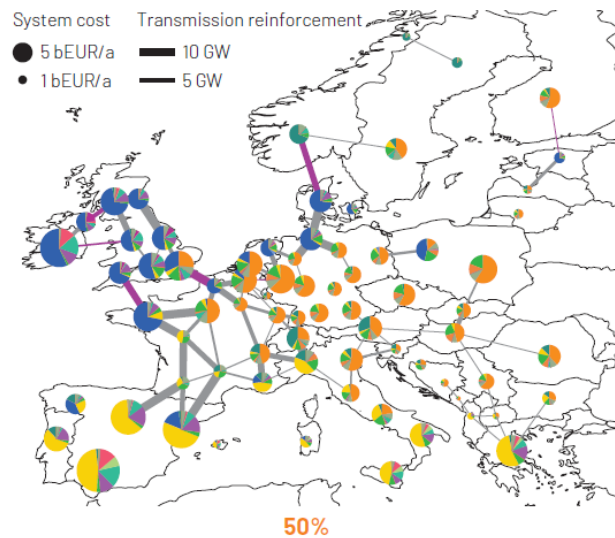

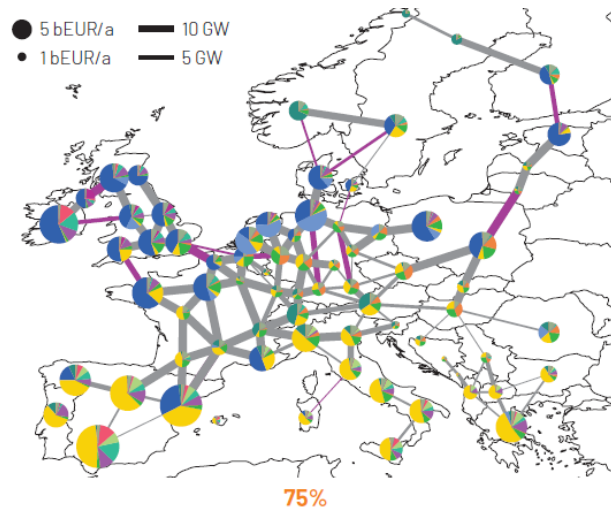

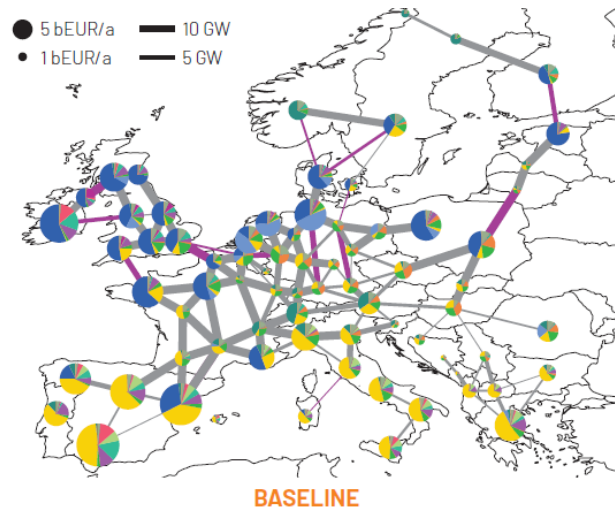

Scenarie med 1000 MW atomkraftvarme i Danmark

Scenarie hvor atomkraft erstatter en fremtidig VE udbygning

Europæiske analyser

Planlægningsspørgsmål

- Klimamålsætninger og byggetider
- Hvor skal det placeres?
- Affald?
